

5-Hour Tour San Cristobal Highlands

Enjoy the San Cristobal attractions; Giant tortoises, frigates, endemic ducks, reeds. It you can do it in the following places:

Birding in the Junco Lagoon:

Located 700 m above sea level, it is one of the few water resources in Galapagos. Frigate birds can be seen cleaning themselves in the lagoon as well as other birds in the area. Its name comes from a very common plant in this area called "rush".

Turtle Breeding Center (Galapaguera):

It was built with the intention of increasing the population of endemic giant tortoises in San Cristobal Island (*Geochelone chathamensis*), it also has an interpretation center where you can learn about the site, its beginnings, reptiles, etc.

The Galapaguera can only be accessed with the company of a specialized Guide in Tourist Heritage endorsed by the Galapagos National Park.

Snorkeling in Puerto Chino:

The beach has its name due to the shape of a Chinese hat, ideal for surfing (learning) with small waves, a very beautiful beach like white powder, it also has a small path to walk and take photos of the entire beach. beach, boobies, sea lions, finches, hermits, frigates, it is located 27 km from Puerto Baquerizo Moreno only accessible by authorized taxi or bus.

Each group has a capacity of 16 travellers. The hiking level is medium, for this reason we suggest hiking shoes. 1-hour trail or so is the length of the hike.
